

The Future of European Industry is strongly dependent of its knowledge

# EURODATA

## Online Examination Database for Harmonised Training and Qualification in Welding Technologies

Diplomas issued by the EWF - European Welding Federation and recognised also by the IIW - International Institute of Welding

### WHAT?

Implementation of online examination database for the harmonized training in welding, joining and cutting technologies

### WHY?

To improve competence and upgrade skills in the field of welding and manufacturing technologies

### HOW?

With **EURODATA**, a project funded by Leonardo da Vinci Programme, which aims to implement the EWF online database of examination questions and answers in **GERMANY, ITALY, PORTUGAL, ROMANIA, SLOVAKIA** and **SLOVENIA**

[www.eurodataexam.com](http://www.eurodataexam.com)

This project has been funded with support from the European Commission. This publication reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

## MAIN OUTCOMES OF THE PROJECT

More than 600 multiple choice questions to be uploaded in the Harmonized Examination database;

Training workshops, to demonstrate the use of the Harmonized Database were performed in 4 European Countries;

By supporting the dissemination and use of the Harmonized Examination for the International Qualification System, EURODATA is contributing to:

- Training of competent welding personnel;
- Skills recognized in all European countries;
- Increased mobility of workers;
- A more competitive European Welding Industry.
